I'm trying to build a chat application that needs to place a fixed div in a specific position. Also, I need to animate it to move to another position. My code for the jsfiddle `$(function(){ $("#move").click(function() { var $bar = $("#bar"); $bar.css("top", "20%"); setTimeout(function() { $bar.animate({top:"-200%"}, 300); }, 1200); }); });` The problem is that when I click on #move, it won't move the bar as I expected. A: Try it with css :P
