Vigilante is the "lite" version of the Tropico 4, it has more interesting stuff (convent, palaces, carnival, tennis, F1 events...), has some less desirable features (can't display prices, doesn't always auto construct buildings) but most importantly it's free of all the silly micro-transactions!It's great to play on vacation! It's great to play for free! Tropico 5 is not recommended for the newly released servers! The game has a lot of bugs (especially when it comes to heat and electrical problems) so you probably won't enjoy it if you use the new servers.Also you can't manage your colonists in a separate screen anymore, it's now in Tropico 5's main screen, so if you already have a screen that manages your colonists try to use that to import your games data before you use the servers. Change your choices and the end can be very different from the first story. With wonderful music by TernoX. (2011) The Story "The Story Of Men" IN-VERT is a game of choice. As the chapters go by, choices you make in the story will affect the order of events and even affect the story outcome. If you fail to get a required number of points to progress a chapter the chapter will be skipped. The chapters will tell the story of a young woman, HANA HANA, as she searches for her place in this world. The story of HANA HANA is not just about a woman's fate, but also the fate of the world. IN-VERT is set in the year 2287, 16 years after the "War of the Plagues", most of the world has come under the grip of "Plague" and the government has tried a series of draconian measures to exterminate it. The people have lost all hope. Terano has risen from the ashes and issued a call for support. In that environment a Hana, a girl who embodies hope, appears. She has a duty to fulfill, and as a leader she has a responsibility to win the war. Story-wise it is a very simple, yet a truly intriguing story. However, gameplay-wise you will be faced with decisions about which kind of "terminatrix" you want to be. There are 4 different terminatrix characters in "IN-VERT". 1. HANA HANA (Leader) Hana has just turned 16, and she meets an old friend from her childhood. He offers her a chance at the highest position in TERANO, and from there she becomes the "Hana Hana", the c9d1549cdd

About Time Kreuzlingen: In this roleplay, you can become Mike Heissmeyer and start a new life in a wilderness school for troubled kids, taking over the existing school. You want to start over and reinvent the school system. You are committed to creating a refuge for troubled kids. But Mike Heissmeyer has a problem with that! He wants to transform the school into a wildlife zoo instead of a wildlife refuge. The students have a problem with that. The ex-teacher is a former pacifist and animal rights activist. He has his own reasons for wanting to change the name of the school. Both sides are about to come to a head and things will get more and more dangerous. Story: "I founded Time Kreuzlingen because I wanted to get rid of the bad teachers, the bad students, and bring in good teachers, good students, and develop the school system in the most beautiful surroundings. I want the school to have a future. I want this school to go on and help other troubled kids who have already been in other schools. I want it to be a refuge for troubled kids. That's why I founded it." "And then Mike Heissmeyer changed. He became an animal rights activist. He began to take away all the animals from the park that was just next to the school. He wouldn't do any more repairs to the school buildings. He took all the money from the school foundation. He totally changed everything." "His animal rights activism lead to the uprising in the school. Angry students started a riot." "The police were called in to help. After a while, the riot was cleared, and the kids were taken back to their homes. In the end, Mike Heissmeyer was arrested. The ex-teacher was also taken into custody. The animals were seized." "That was the end of Mike Heissmeyer's ideas for the school. The wildlife center didn't even get built. The building was torn down. Now there is just a grassy field. The old school building is just used as a storage room for the school." "What a shame!" "
